Introduction

What Is In This Report ?

This report makes management information about Police Scotland available to the public on a regular basis.

The management information presented here relates mainly to crime recorded by Police Scotland but some information about incidents and some survey data are also included.

Published alongside this report are a series of complementary reports providing a breakdown of data available at police division or local authority level.

What Is The Purpose Of This Report ?

This report is intended to provide answers to questions about current crime levels in the different parts of Scotland. All data used in this report are provisional management information and not official statistics. This is the 2018/19 Q1 management information report covering the period 1st April 2018 to 30th June 2018. All data are correct at the published date and were extracted at the start of July 2018. These data are extracted from Police Scotland internal systems which are dynamic and continuously updated as investigations progress.

This report contains the most up to date recorded crime data that was available at the start of July 2018 for Q1 of the financial year 2018/19. This is the same management information that is used by Police Scotland to inform operational decision-making on a daily basis and which is reported regularly to local scrutiny boards and the Scottish Police Authority.

What Should This Report Not Be Used For ?

This means that this report is unsuitable for drawing longer term trend comparisons of crime types. If readers of this report are seeking time series analysis or trend information they should refer to the official statistics for recorded crime produced by Scottish Government <http://www.gov.scot/Publications/2016/09/2960> or the official statistics on reported road casualties published by Transport Scotland (<http://www.transportscotland.gov.uk/statistics/statistical-publications>).

How Does This Report Deal With Changes To Data ?

The management information data for crime recorded in 2018/19 are provisional, because these are highly likely to experience re-classification and/or no-criming as investigations proceed. These data are highlighted in purple font on the tables throughout this report.

Readers should note that all data for 2017/18 and 2018/19 were refreshed when they were extracted at the start of July 2018. This means that the data for 2017/18 Q1 published in this report will differ from the data previously published for 2017/18 Q1 last August (2017). It usually takes between one and two quarters for the data to settle and for most of the natural revisions to take place. We have published a separate revisions analysis to demonstrate the extent of these changes.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). This is based on a detailed review of around two to three hundred cases across Scotland. The SCRS guidance manual can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRS-manual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/SCRS>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.
