Policing Plan for 2013-2014

1. Introduction

This plan sets out the local policing priorities and objectives for Renfrewshire for 2013-2014 and is a statutory requirement of the Police and Fire Reform (Scotland) Act 2012. It is produced as part of a planning process which takes account of the Scottish Governments overarching vision for public services, the Strategic Police Priorities set by Scottish Ministers, the Scottish Police Authorities Strategic Police Plan and the Chief Constable of Scotland's Annual Police Plan.

The local police plan for Renfrewshire represents a critical part of the delivery process for the new service, demonstrating our commitment to local policing within the national planning framework and enabling us to respond effectively to the concerns of local communities as well as meet and tackle nationwide demands. This local authority plan will be supported by 11 community policing plans which respond directly to local needs and demands.

2. Foreword by:

Chief Constable Stephen House

This plan is the first under the new policing arrangements for Scotland. Local Policing will be the focus of the Police Service of Scotland and will deliver real improvements to the way services are delivered to local communities. Reform offers us the opportunity to improve accountability and increase scrutiny. This plan sets out our continuing commitment to 'Keeping People Safe'. It establishes the issues we believe are important to communities across Scotland. By delivering a local policing service that drives improvements against our priorities we can make a real difference in the quality of life for people in Scotland.

Vic Emery, Chair of the Scottish Police Authority

When it comes to local police services, one size doesn't fit all. Different communities across Scotland want access to the best expertise and services in policing - but they quite rightly expect police services to meet their area's needs and priorities. Your Local Policing Plan is a key part of making sure this happens, and keeping this local focus at the heart of community policing. These plans are linked to national priorities, but are based on local issues and what people say matters to them. They are also a very public commitment by Police Scotland on what it will deliver to make our communities safer. The Scottish Police Authority will be working with Police Scotland, partners and communities to ensure we all receive the best policing possible.

Councillor Mark Macmillan, Leader of Renfrewshire Council

Renfrewshire Council welcomes the publication of the Renfrewshire Local Policing Plan 2013-14 as a clear statement of local policing priorities and objectives for our communities and as a new era in partnership working to deliver a safer Renfrewshire.

The Local Policing Plan sets out the contribution that the Police Service of Scotland will make to the partnership strategy to make Renfrewshire a safer and stronger place, which is a key part of our Community Plan and Single Outcome Agreement. The Council looks forward to working together with the Police and others to realise our agreed joint vision.

The Plan builds on existing strong partnership working between the Police, Renfrewshire Council and other partners across a range of priorities including protection of vulnerable adults and children, tackling misuse of alcohol and drugs, management of offenders, domestic abuse and the reduction of road accidents and casualties. The Community Safety Hub for partnership working that has been established is a symbol of the joint commitment of Renfrewshire Council and the police to addressing together the issues that affect communities in Renfrewshire most.

Renfrewshire Council welcomes the opportunity for increased democratic accountability that the Local Policing Plan offers and our elected Members are committed to playing a full role in our new duty to provide public scrutiny of its delivery.

Chief Superintendent Alan Speirs, Local Police Commander

Policing Renfrewshire and Inverclyde represents a very unique challenge in providing a tailored but effective policing service. My Police Division is coterminous with both local authorities of Renfrewshire and Inverclyde. Altogether this has a population of over 250,000 people and covers an area of approximately 421 square kilometres. Renfrewshire and Inverclyde is bordered on its north edge by the Firth of Clyde and stretches South where it meets North Ayrshire. It spans from Glasgow City to the East and the Firth of Clyde to the West.

Renfrewshire has a 4.9% share of the 15% most deprived data zones across Scotland with the most deprived area in Scotland being found within Ferguslie Park, Paisley. Renfrewshire is home to iconic sites such as the Braehead & Xscape Complex and Glasgow Airport which attract over 20 million and 7 million customers per year respectively. The airport will unquestionably be a critical gateway to the Commonwealth Games for visitors, participants and delegates and as such I am committed to supporting the planning to deliver a safe and successful games.

The area is further serviced by the Royal Alexandra Hospital and support the above average number of admissions for alcohol misuse, albeit the

admissions in respect of drug misuse are significantly below the National Average.

Renfrewshire has a rich history in effective partnership working and it is my intention to build on those partnerships to deliver a highly effective police service which will have a very positive impact on local communities. It is my priority to ensure that our communities of Renfrewshire are safe from harm and people are not disadvantaged by where they live. My plan is ambitious, however, through effective partnerships I will strive to achieve the many outcomes which have been identified for Renfrewshire, outcomes which will make Renfrewshire a safe place to live, work and frequent. I will work with partners and communities to 'Keep People Safe' throughout Renfrewshire.

This plan sets out the key strategic priorities for the policing of Renfrewshire. It links to the Council's vision, themes and priorities contained outlined in the Renfrewshire Community Plan. These key strategic priorities have been set by taking account of a range of information sources and reflect nationally set priorities and crime analysis, but more critically by consulting with our local communities of Renfrewshire and partner agencies to ensure that these priorities are focused on policing local communities across Renfrewshire.

3. Priorities and Objectives:

Priority 1 - Violence, Disorder and Antisocial Behaviour

Our officers are dedicated to keeping people safe and tackling crimes of violence, disorder and antisocial behaviour across Renfrewshire. Local consultation tells us it is a concern to all the local communities.

We are committed to reducing the number of people affected by violence, disorder and antisocial behaviour and we will continue to work with partner agencies to exploit all opportunities to prevent such crimes and offences occurring.

Violence, disorder and antisocial behaviour encompasses a wide range of different types of offending behaviour which has an adverse affect on the quality of life for communities and individuals. It can cause a disproportionate fear of crime and we will continue to support victims through joint working arrangements.

Our priority is to prevent such crimes occurring in our communities. We want Renfrewshire to be a safe place for all. We cannot achieve this in isolation and we will continue to work with our partners to develop long term strategies to improve the wellbeing of our communities.

We have successfully reduced violence, disorder and antisocial behaviour across Renfrewshire in recent years by addressing alcohol fuelled disorder and street drinking offences, targeting hotspot locations and through intelligence led action plans. We will continue to work closely with the Licensing Committee and licensed trade to ensure our licensed premises are well managed and safe.

A key aspect of our success in reducing violence, disorder and antisocial behaviour has been our robust approach to the management of known violent individuals. This has reduced the levels of re-offending which means fewer victims of crime in Renfrewshire and better outcomes for those offenders and their families.

We acknowledge that our approach must reflect public concerns and we will continue to use innovative tactics to improve the effectiveness of policing violence, disorder and antisocial behaviour across Renfrewshire.

Our objectives are to:

- Reduce the number of victims of violent crime
- Decrease the number of serious assaults
- Maximise the detection of those persons responsible for violent crime
- Maintain the reduction in the reports of antisocial behaviour
- Decrease the number of complaints regarding street drinking
- Decrease the number of complaints regarding youth disorder

Priority 2 - Protecting People

Our priority is to keep people safe and we will continue to focus on a victim centred approach to public protection with the aim of preventing crime through early and effective intervention. We will share relevant information with partnership agencies to protect the most vulnerable in our communities and enhance public safety for all.

The number of people who are victims of physical, sexual or emotional abuse and neglect on a daily basis is a major concern. Domestic abuse in particular blights the lives of individuals as well as their families. We will tackle domestic abuse in all forms. We will proactively manage the risk of harm posed by dangerous offenders while protecting and supporting victims.

The dedicated and highly skilled team of officers in our rape and sexual offences unit will work in partnership with a range of specialists to ensure a consistency of approach to these often complex and historical enquiries. We will support victims of rape, sensitively investigate such crimes, relentlessly pursue those responsible and bring them to justice.

We recognise that the internet and social media provide opportunities for the exploitation of the individual; this particularly includes the young and vulnerable across Renfrewshire. We will continue to proactively target those offenders' who use the internet to befriend and exploit young people and vulnerable adults.

We will ensure that all reasonable measures are taken to mitigate the risks presented to public safety by all offenders, managed under the auspices of the Multi Agency Public Protection Arrangements (MAPPA).

Hate crime is an abhorrence that blights our communities. We are committed to the investigation and detection of all crimes driven by prejudice, such as race, religion, sexual orientation, transgender and disability. We aim to encourage the victims of hate crime to report such crimes and will seek to develop an effective third party reporting network locally.

Our objectives are to:

- Identify the range of responses required to deal with the complexities of Rape investigation
- Increase the detection rate for Rape
- Prioritise the investigation of all domestic abuse crimes and offences and increase the detection rate
- Rigorously ensure all persons released on domestic bail adhere to the special conditions imposed by the court
- Protect and support the victims of domestic abuse and sexual offences to ensure their safety and well being

Priority 3 - Serious and Organised Crime

Our priority is to keep people safe by reducing the risk of harm posed by serious organised criminals. We will continue to target them and our approach will be in line with the Scottish Government Strategy for tackling Serious Organised Crime, "Letting Our Communities Flourish".

Our commitment is to dismantle organised crime groups through focused intelligence gathering and continued collaborative working with communities, public and private sector bodies and key partner agencies. We will pursue their criminal enterprises, disrupt their activities, such as drug supply and minimise opportunities for money laundering through the auspices of seemingly 'legitimate' enterprises. We will use the Proceeds of Crime legislation to seize money obtained by illegal activities.

We aim to divert offenders and those whom are vulnerable to criminal gangs, deter illegal activities, disrupt the networks associated with serious and organised crime groups and detect offenders. We will do this with the continued support of partner agencies, working together, developing innovative tactics and interventions to reduce the harm and impact of such groups across Renfrewshire.

Local consultation confirms the sale and supply of drugs is of concern for Renfrewshire communities. Our focus on Serious and Organised Crime Groups will ensure those individuals and networks involved in the sale and supply of drugs are targeted robustly to reduce the availability and harm of illegal drugs in Renfrewshire.

Renfrewshire has a number of key strategic locations that requires us to develop an appropriate Counter Terrorist response. Criminal association with terrorist groups based in Northern Ireland remains and we will continue to monitor and intervene to prevent those associations from developing into a threat to our local communities here or elsewhere.

Our objectives are to:

- Tackle the threat posed from Serious and Organised Crime Groups on local communities by seizing criminal assets
- Maximise intervention tactics to deprive Serious and Organised Crime Groups of the opportunities to access legitimate enterprises
- Tackle the supply and misuse of drugs by preventative and enforcement tactics

Priority 4 - Acquisitive and Road Crime

Acquisitive crimes include those where property is stolen or there is an attempt to steal, including theft, theft from motor vehicles, housebreaking and fraud. Reducing this type of crime continues to be a priority for policing in Renfrewshire. Any theft of property has a personal impact which is both financial and emotional.

The prevalence of bogus workers in our area is a matter of utmost concern. We will work closely with our partner agencies to share information about these crimes and to gather information, intelligence and evidence to target and arrest the perpetrators of this abhorrent crime.

Bogus workers use the road network to further their criminal activities. We aim to disrupt all criminals using the road network. Through intelligence led tactics we will relentlessly pursue those individuals who prey on the elderly and vulnerable in our communities.

Local consultation confirms housebreaking is a concern to residents. It can have a disproportionate impact on the fear of crime and we acknowledge that this is an extremely personal crime, where householders can have feelings of violation and intrusion.

We have successfully engaged with licensed second hand dealers, metal dealers and street traders in order to limit opportunities for the reset and the sale of stolen property. We will make it much harder to dispose of stolen goods in Renfrewshire.

To keep people safe on the roads we will continue to focus on casualty reduction and target areas including drink/drug driving, speeding, uninsured and disqualified drivers, those not wearing a seatbelt and the use of mobile phones while driving.

Our objectives are to:

- Prioritise the investigation of all bogus crime and crimes of housebreaking
- Effectively police the road network to improve driving standards
- Target uninsured drivers by increasing detections
- Target dangerous driving by increasing detections

Priority 5 - Public Confidence and Local Engagement

The new service recognises that it has to deliver a high quality service in a form that is cost effective and efficient while maintaining the consent and involvement of local communities. In order to do so we recognise the need to establish views, expectations and concerns about how we police and we will build trust by listening and responding.

Public confidence is key to reducing the fear of crime and we will continue to develop our approach to community engagement to ensure our Community Policing teams and their leaders are visible and accessible to elected members, partners and the public in Renfrewshire.

Public safety is a critical issue at national and local level and the responsibility for this agenda cannot rest with a single agency. Working alongside public, private and voluntary sectors, as well as local communities, we will develop strategies and actions that provide effective local outcomes and keep people safe.

Through regular and structured engagement with all our communities and their representatives we will understand the community issues of most concern, deliver practical solutions and promote police and partner service delivery that keeps people safe.

Our objectives are to:

- Ensure there is an appropriate response to all emergency and priority calls within the nationally agreed timescales
- Providing feedback to all victims on the progress and outcome of their enquiry
- Maximise the visibility of all our officers in the communities of Renfrewshire
- Work with partners to support and contribute to community planning outcomes focused on prevention and the well being of our communities
- Refine our community engagement structure and processes to ensure we are connected to local communities and their specific needs
- Increase the use of social and local media to engage and feedback to communities

4. How we identified our Priorities and Objectives

The Scottish Policing Assessment sets out the priorities for the Police Service of Scotland to the year 2015. It is a key document for the police in the continuous process of meeting future policing challenges and ensuring that the service the police provide to the communities of Scotland is of a high standard.

The Assessment draws on information and intelligence provided by all Scottish forces and law enforcement agencies as well as information from key partner agencies including the Scottish Government, Local Authorities and the public. It is through this assessment that risk in relation to crime and disorder is prioritised.

Across Renfrewshire, the priorities in this police plan have been identified through analysis of crime trends, intelligence and local information. Appendix A summarises the key trends in Renfrewshire over the past 5 years.

During August 2012, we consulted with 925 Renfrewshire residents to establish the issues that were their greatest concern. These results made a critical contribution to identifying the key policing priorities for Renfrewshire. Appendix B shows the results of our consultation.

The top four policing priorities for Renfrewshire are:

- Drunk or Disorderly Behaviour
- Assault / Violent Crime
- Drug Dealing / Use
- Housebreaking and Other Theft

There are community policing teams for each of the 11 multi-member council wards across Renfrewshire. Information regarding who is on your team and how to contact them can be found at: www.scotland.police.uk

Our officers are there to listen to you and respond to your concerns. They will work with all partner agencies in your community to find long-term solutions to local problems.

All of our work is underpinned by our commitment to equality and diversity, in our dealings with the public we serve as well as our own staff.

We recognise that effective and fair policing is about reflecting the needs and expectations of individuals and local communities. Survey results show that different communities have differing expectations and contrasting experiences of the service provided by the police. Our aim is to ensure that our service to all is fair and consistent, keeping those who are most vulnerable safe and enhancing their quality of life.

To further this aim, and satisfy our statutory duties under The Equality Act 2010, we are developing national equality and diversity outcomes for 30 April

2013. We will, in our 2014 three-year plan, identify local priorities and objectives aligned to them.

5. Local Policing Arrangements

Our mission is to keep people safe. We aim to deliver policing that is visible accessible and responsive to the needs of the communities across Renfrewshire.

We have nominated a Police Commander for Renfrewshire who will direct the Local Area Commanders based at Paisley and Renfrew Police offices, in order to provide an effective policing service that delivers against all our key priorities.

We will continue to respond quickly and effectively to public demand by answering all calls and operational requests made of us.

In addition to this plan for Renfrewshire, each community ward will have an individual Community Policing Plan tailored to the specific needs and priorities of that area. These local plans will be delivered by community policing teams who will engage with our communities to adopt a shared partnership problem-solving approach to dealing with community priorities.

Individual ward community policing plans are available on the Force website at: www.scotland.police.uk

6. Local Contribution to National Outcomes and National Policing Priorities

The Scottish Government has 16 National Outcomes which demonstrate a commitment to creating a more successful country, with opportunities for all of Scotland to flourish, through increasing sustainable economic growth. Policing in Renfrewshire can make a significant contribution to improving these outcomes for this area by contributing to the Community Planning arrangements across the Local Authority area.

The priorities in this plan will be reflected in the Single Agreement for Renfrewshire which will also include a range of indicators and targets focused on delivering improved services.

Scottish Ministers have also established Strategic Policing Priorities and these reflect the contribution that policing can make to achieve the National Outcomes.

Our local priorities align to the Strategic Policing Priorities and the Governments National Outcomes and are as follows:

Priority	Strategic Policing Priorities	National Outcomes
Violence, Disorder and Antisocial Behaviour	Priority 1,2,4	Outcomes 5, 7, 8 ,9,11
Protecting People	Priority 1,2,3,4	Outcomes 5,7,8,9,11,13,16
Serious and Organised Crime	Priority 1,2,4	Outcomes 9,11, 13
Acquisitive Crime and Road Crime	Priority 1,2,4	Outcomes 9,11

Further information on National Outcomes and Strategic Policing Priorities can be accessed at: www.scotland.gov.uk

7. Performance and Accountability

Police Scotland will develop a national performance framework which will support this plan. It will allow the service to measure progress, monitor activity, identify key areas where resources need to be focused and demonstrate how successful we are in meeting our key priorities and objectives as set out in this plan.

We are committed to publishing our performance information and will use this as the foundation for reporting to Renfrewshire Council and our local communities. This information is available upon request or at: www.scotland.police.uk

We aim to provide a high standard of service and build public confidence through continuous improvement of policing services in Renfrewshire.

8. Local Scrutiny and Engagement

The Police and Fire Reform (Scotland) Act 2012 includes a framework for new local scrutiny and engagement arrangements involving local authorities and the new national police and fire services.

Formal scrutiny of the Renfrewshire Police Plan falls under the governance of the Renfrewshire Housing and Community Safety Policy Board.

The key principles of “Best Value” (as contained within the local Government in Scotland Act 2003) remain fundamental to local governance arrangements with respect to scrutiny of police performance.

Performance results are published in accordance with Section 13 of the Local Government (Scotland) Act 2003 which outlines the duty of a local authority to make appropriate arrangements for the reporting to the public of the outcome of the performance of its functions.

9. Local Contact Details:

Paisley Police Office
Mill Street
PAISLEY
PA1 1JU

For more detailed information about your local Community Policing Team and other services that Police Scotland provides, please refer to the Force website at: www.scotland.police.uk

Dial 999 for an emergency that requires urgent police attention.

For non-emergency contact, call 101, the single non-emergency number.

If you have information about crime in your area and wish to provide it anonymously, call CRIMESTOPPERS on 0800 555 111.

Service users who are deaf or have a hearing impairment can contact Police Scotland via TextRelay in an emergency on 18000 or non-emergency on 18001 101.

We respect your right to confidentiality and will not visit you without checking first.

This group email address is provided for you to discuss non-urgent local policing issues. It should not be used to report a crime or incident.

RenfrewshireLPP@scotland.pnn.police.uk

Appendix A - Strategic Assessment – Key Findings

Violence, Disorder and Antisocial Behaviour

- Murder and Attempt Murder Crimes reduced by 29%
- Serious assaults reduced by 44.8%
- Shortroods area is the hotspot area for violence in Renfrewshire
- Domestic abuse incidents have increased 21% on the five year average. This is down 7.5% from 2010/11 and encompasses a 72% detection rate.
- Common assaults have decreased 17.4% from 2010/11 with an increased detection rate of 73% which is a 3% increase on the five year average.
- A third of all offenders for violence are in the 15-24 age groups.
- 35 repeat offenders were responsible for 26% of Renfrewshire's serious violent crimes.

Major Crime and Terrorism

- Over £1.5M cash seized during operations targeting Serious and Organised Crime across the Division
- Over £1.5M of business diverted from OCG's apparent 'legitimate' business ventures
- Intelligence led mapping of eight Organised Crime Groups across Renfrewshire
- Target hardening and awareness of Counter Terrorism issues ongoing
- Engagement with members of our communities vulnerable to radicalisation and extremism ideas

Public Protection

- Registered Sex Offenders continue to be a threat to the division with robust management and the use of the Sexual Offence Prevention Orders being vital
- There has been a sharp increase in the reported instances of sexual assault
- Due to media coverage, there is an increasing willingness for reluctant victims to report allegations of sexual crimes

Road Safety and Road Crime

- In the review period drink driving offences have reduced by over a quarter
- Mobile phone offences are at an all time high, some 73% above the five year average
- Speeding drivers are still the main cause of road crashes across Renfrewshire
- Over the last five years there has been a reduction of 5% in the number of people killed or seriously injured on our roads

Acquisitive Crime

- Overall levels of acquisitive crimes have decreased across Renfrewshire
- Housebreaking continues to fall across Renfrewshire, reducing 20.4%
- Thefts of metal continues to be a threat, due to the high resale value of lead/copper etc
- Bogus caller crime continues to occur against vulnerable members of our community

Wildlife Crime

- No wildlife offences recorded across Renfrewshire in past five years

Appendix B – 2012 Public Consultation Survey Results

Nine issues were presented to local residents and they were asked to place them in the order that they wanted their local Community Policing Team to adopt as Priorities. The following are the top results from each Ward area in Renfrewshire:

Bishopton, Bridge of Weir & Langbank

Drunk and Disorderly Behaviour (including Vandalism/Graffiti)
Assault/Violent Crime
Housebreaking and Theft
Drug Dealing/Use
Speeding Motorists

Erskine & Inchinnan

Drunk and Disorderly Behaviour (including Vandalism/Graffiti)
Assault/Violent Crime
