For ease of reference, your request is replicated below together with the response.

In response to your request, please find below a table which provides Road Traffic collisions on the A92 Dundee to Arbroath, broken down by collision severity for the period 01 January 2013 to 31 December 2021 (calendar years)

Collision Severity	2013	2014	2015	2016	2017	2018	2019	2020	2021

Please note that a reportable collision is defined under Section 170 of the Road Traffic Act 1988 and describes the legal responsibility on those drivers involved to report the matter to the police. Where those involved exchange personal details, there is no legal requirement to report a collision to the police and this applies particularly to non-injury collisions.

As such, there may have been other collisions within the location of your request, which were not reported to Police Scotland, nor which required a collision report to be created, and will therefore not be included within the statistics.

Should you require any further assistance please contact Information Management - Dundee quoting the reference number given.
