# Our actions to date.

## **Violent Crime**

We have worked with a variety of partners and you in the community to ensure that intelligence led policing continues to identify and deal with those who commit violent acts.

## **Dishonesty**

We have continued to patrol at key times to deter and detect those responsible for crimes of dishonesty. We have developed community intelligence and where suspects have been identified we have carried out action against them.

## **Antisocial Behaviour**

We have continued to use directed patrols to disrupt those involved in antisocial behaviour. We have targeted drinking in public places and have taken action against those who reside at problematic addresses.

## **Drug Misuse**

We have remained visible in the community to develop intelligence on drugs dealers. We have targeted these dealers to reduce the availability of drugs and have worked with partners to combine engagement and enforcement strategies.

---

# In the coming months.

## **Violent Crime**

We will increase patrols around town centres to impact on disorder. We will continue to take robust action against those responsible for domestic abuse.

## **Dishonesty**

We will continue to develop information and will monitor those engaged in this type of behaviour.

## **Antisocial Behaviour**

We will continue to listen to local concerns, be visible on the streets and work with our partners to act against those intent on causing fear and alarm in our communities.

## **Drug Misuse**

We will continue to work with the community to gather intelligence on those who sell/supply drugs, take action against them and seize assets gained by illegal means.

# Keep up to date.
