Keeping people safe

Larkhall

Multi Member Ward Plan 2016

Our focus. Your priorities.

Local Priorities

This report covers the progress we have made in dealing with your priorities and it includes our future plans. Your priorities for the Larkhall area are:

1. Violent Crime

You told us of your concerns about the levels of assault and other forms of violent crime that were taking place in Larkhall.

2. Dishonesty

You told us you were concerned about housebreakings and other forms of theft, which can impact on your feelings of safety and security.

3. Drug Misuse

You told us that drug misuse and drug dealing was of concern to you and impacted on your sense of community well-being.

4. Antisocial Behaviour

You told us that rowdy, drunken and disorderly behaviour and vandalism was occurring within your community and this was affecting your quality of life.

Our actions to date.

Violent Crime

We have worked with a variety of partners and you in the community to ensure that intelligence led policing continues to identify and deal with those who commit violent acts.

Dishonesty

We have continued to patrol at key times to deter and detect those responsible for crimes of dishonesty. We have developed community intelligence and where suspects have been identified we have carried out action against them.

Drug Misuse

We have remained visible in the community to develop intelligence on drugs dealers. We have targeted these dealers to reduce the availability of drugs and have worked with partners to combine engagement and enforcement strategies.

Antisocial Behaviour

We have continued to use directed patrols to disrupt those involved in antisocial behaviour. We have targeted drinking in public places and have taken action against those who reside at problematic addresses.

In the coming months.

Violent Crime

We will increase patrols around town centres to impact on disorder. We will continue to take robust action against those responsible for domestic abuse.

Dishonesty

We will continue to develop information and will monitor those engaged in this type of behaviour.

Drug Misuse

We will continue to work with the community to gather intelligence on those who sell/supply drugs, take action against them and seize assets gained by illegal means.

Antisocial Behaviour

We will continue to listen to local concerns, be visible on the streets and work with our partners to act against those intent on causing fear and alarm in our communities.

Keep up to date.

Follow us.
