Note 1: Essential Criteria

Age Requirements
You can apply if you are 17.5 years of age, however you will not be appointed as a police constable until you are 18 years of age. There is no upper age limit, although the normal retirement age for constables is 60 years inclusive of the two-year probationary training period.

Fitness standards
Being a police officer is both physically and mentally challenging. The national job related fitness standard will require you to undertake a Multi Stage Fitness Test (MSFT). All candidates are required to reach level 5.4 to achieve a pass.

Medical
After you receive a provisional offer of appointment you will be invited to attend a medical appointment. Prior to your appointment you will be issued with a medical questionnaire.

This will be dealt with confidentially by the medical representatives of our Occupational Health and Wellbeing providers. All medical criteria will be checked to determine whether you satisfy the health and eyesight standards as laid down by the Scottish Government.

The Equality Act 2010 prohibits discrimination, victimisation or harassment in employment, including recruitment. Therefore having a disability does not automatically exclude you from becoming a police officer and all reasonable adjustments recommended by the Force Medical Advisor will be fully considered.

If you require reasonable adjustments for any stage of the selection process please contact us at policeofficerrecruitment@scotland.pnn.police.uk or alternatively phone us on 01355 566510 and we will discuss your needs on a personal basis.

Nationality & Residency
To be eligible for appointment you must be a British citizen or a citizen of the European Economic Area or Switzerland or have the right to live and work within the UK.

Commonwealth citizens and foreign nationals are also eligible but only if they are resident in the UK and free of restrictions.

If you are a Commonwealth citizen or a foreign national you must provide proof that you have no restrictions on your stay in the UK. As it is currently impossible in some cases to gain vetting / security checks for foreign nationals, a period of 3 years UK residency applies. In certain circumstances, it is possible for the minimum residency period for Force Vetting levels to be removed (for further information see the Vetting Form Guidance Notes).

You will be required to provide proof of this residence in the UK. You should therefore send a copy of your passport, which shows that your stay is free of restrictions. Do not send your actual passport with this application. Other documentary evidence of your status may be required later in the process.
### Note 2: Questions 1 - 7

There are 7 questions. You should answer these based on your own perspective and/or understanding of the role.

It is likely that you will need to undertake some research in order to help you answer the job related questions, so you will need to be prepared to spend time doing some research to ensure you are able to complete your application form to a good standard.

We want to know: What drives and motivates you to want to become a police officer; What are your expectations about the type of duties that police officers undertake; What impact do you expect being a police officer will have on your social / domestic life; What preparation have you done before applying; and what relevant experience and skills do you possess.

- It is important your answers are relevant and concise. You must use between 150 and 200 words for each answer and the word count should be inserted in the relevant box for each question. We will reject an application where the answers are insufficient in length.
- Your responses to each question will be assessed.
- Your application should be fully completed, well presented, clear and concise.
- If we cannot read what you have written or cannot understand the meaning, we will not be able to assess it. Pay particular attention to your spelling, punctuation, grammar and overall structure.
- You must only use appropriate language and avoid using jargon or slang terms.
- Doing some role related research is important as this will help you answer the job knowledge related questions.
- You must answer all of the questions. If you leave a question blank or tell us that you cannot think of an answer it is unlikely that your application will progress.

**Note:** Only complete question 5 if you have previously applied but were unsuccessful.

- All additional information must be included in the appropriate section of the application form. Any additional information not included in the section will not be assessed.
- The application must be all your own work. Be honest and expect to be questioned further on any of the answers that you provide.
- It is recommended you complete question 7 – this is your opportunity to provide the recruitment team with any information which has not already been covered in the other questions; even if you simply tell us how committed you are to the role of a police officer. Please note the word count requirement is not applicable for this question.
### Note 3: About Your Employment

You are required to provide **all** current and previous periods of both paid employment and / or periods of self-employment. Employment references will be requested for the 5 year period prior to application. However we reserve the right to contact any or all previous employers.

You will be asked to provide referee details later in the selection process if you successfully complete the assessment centre.

#### HM Forces and Other Police Forces

References will always be taken from HM Forces and from other Police Forces, covering performance, conduct and absence.

Applications from HM Forces personnel will only be accepted if you have 12 months or less to serve before discharge. Please enclose confirmation of your projected date of discharge (e.g. a letter from your Commanding Officer).

Due to the nature of employment with the HM Forces it must be emphasised that security checks will be made with the appropriate military authority at an early stage in the selection process. This is in addition to your current employer’s reference, if different. It is at the discretion of the Chief Constable as to whether successful applicants are permitted to remain on the reserve list.

#### Serving Special Constables

Whilst cognisance will be given to all references previously received as part of the selection process to become a Special Constable, applications from serving Special Constables remain subject to the standard 5 year period prior to application plus an updated current employer reference and a Police Scotland reference from your home division.
Note 4: Tattoos

Tattoos are not necessarily a bar to appointment. However, some tattoos could potentially offend members of the public or colleagues, or could bring discredit to the police service. It depends on their size, nature and location, and sometimes on the extent.

Tattoos on the face are not permitted.

If you have tattoos, you are required to describe their nature, words, extent, size and location.

Tattoos, whether visible or otherwise, should not:

- undermine the dignity and authority of the office of constable;
- cause offence to members of the public or colleagues and / or invite provocation;
- indicate unacceptable attitudes towards any individual or section of the community;
- indicate alignment with a particular group which could give offence to members of the public or colleagues; and
- be considered inflammatory, rude, lewd, crude, racist, sexist, sectarian, homophobic, violent or intimidating.

Note 5: Declaration

It is very important for you to take a few minutes to carefully read the Declaration statement at the end of the application form.

Then you should type or sign your name, repeat your name in block capitals and insert the date of signing.
