Explanatory Notes on Management Information

This Quarter 3 report contains Police Scotland Management Information for 2019/20 which covers the period 1 April 2019 to 30 June 2019 (unless otherwise stated). Data tables at Police Scotland Division and Local Authority levels are also available online. These data are not official statistics. Official Statistics for recorded crime are published by the Scottish Government and Official Statistics on Reported Road Casualties are published by Transport Scotland.

All statistics are provisional and should be treated as management information. All data are provided by Police Scotland, extracted from Police Scotland internal systems (ScOMIS) and databases which are dynamic and are continuously updated. All data are correct at the published date on the report, the data having been extracted at the beginning of July 2019.

The management information relating to crimes and offences in this report are recorded according to guidelines issued by the Scottish Government Justice Department. Road traffic collisions reported to the police are recorded according to guidelines issued by the Department for Transport. Incident data are extracted from legacy Force command and control systems. User Satisfaction Surveys are undertaken each month by Police Scotland Divisions, with results collated centrally.

Each separate crime/offence is categorised under the national classifications and grouped together for ease of reference. Road traffic collisions recorded are determined by the severity of the injury sustained by the most seriously injured casualty.

Several crimes and offences may be recorded at an incident, e.g., a house may be broken into and property stolen, the premises vandalised and the householder assaulted. Three separate crimes would be recorded in this case. The system is based on the number of actual crimes/offences rather than on the number of incidents.

See link below to Scottish Crime Recording Standard :

<http://www.scotland.police.uk/assets/pdf/138327/232757/scottish-crime-recording-standard?view=Standard>

A crime/offence may have more than one victim and may also involve more than one offender. A crime or offence is regarded as having been detected where there exists a sufficiency of evidence under Scots Law to justify consideration of criminal proceedings. Many offences, e.g., speeding or possessing drugs, have no direct victim and are detected and recorded as a result of police activity.

This management information does not reflect the total incidence of crimes/offences or road traffic collisions, as not all incidents are reported to the police.

Unless otherwise stated, the population data used in the calculation of crime and incident rates is the mid-year 2016 and 2017 population estimated published by the National Records of Scotland.

Readers should note that all data for 2018/19 and 2019/20 were refreshed when they were extracted at the start of July 2019. This means that the data for 2018/19 Q1 published in this report will differ from the data previously published for 2018/19 Q1 last August (2018). It usually takes between one and two quarters for the data to settle and for most of the natural revisions to take place. We have published a separate revisions analysis to demonstrate the extent of these changes.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-

<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.

Group 5 Other Crimes continued

From the 1st April 2017, a set of new codes was introduced to record cases of using an offensive weapon in a public setting to commit other criminal activity. The number of crimes recorded for these new codes is shown in table 6A below. This change was introduced by the Scottish Crime Recording Board to better reflect how criminal law operates in this area. Prior to the 1st April 2017, these crimes of offensive weapon used in another criminal activity or offence committed (for example a serious assault) were subsumed into that main crime or offence.

The minutes of the Scottish Crime Recording Board meetings can be accessed here:-
<http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRBmeet>

The Crime Board is currently carrying out a quality assurance exercise to confirm that the new information being produced from the recent introduction of these codes is accurate and in-line with the definitions set out in the Scottish Crime Recording Standard (SCRS). The results of this exercise will be published in June. The SCRS guidance manual can be accessed here :- <http://www.gov.scot/Topics/Statistics/Browse/Crime-Justice/PubRecordedCrime/SCRB/SCRSmanual>

Police recording practice remains unchanged for crimes of possessing an offensive weapon in a public setting without further criminality. As in previous years this information is presented in Table 6 Group 5 'Other Crimes' recorded by Police Scotland and included in the total for Group 5 crimes.

⁹ This is the total of crimes recorded under the new classifications to identify knives and weapons used in the commission of another crime.

¹⁰ Previously Possession of an offensive weapon (not elsewhere specified) in a school would have been counted within the general possession of an offensive weapon category. In some areas, when a crime report is re-opened for auditing or amendment, the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹¹ Previously Having in a school an article with a blade or point would have been counted within the general Carrying of Knives etc S Act 1993 category. In some areas when a crime report is re-opened for auditing or amendment the crime will automatically be re-classified to the new crime classification. This is why there are small numbers of these crimes recorded in the previous year.

¹² These are new classifications introduced in April 2017 to capture knives and weapons where they have been used in commission of another crime.
