FREEDOM OF INFORMATION (SCOTLAND) ACT 2002

I refer to your recent request for information which has been handled in accordance with the Freedom of Information (Scotland) Act 2002.

For ease of reference, your request is replicated below together with the response.

I would like to request a breakdown of reported crashes involving electric bikes and electric scooters. I am looking for the following:

- reported collisions involving an electric bike or electric scooter broken down monthly for each local authority between January 2019 to September 2022

In response to your request, I can advise you that there is no classification for e-scooters or electric bikes specifically when recording road traffic collisions. Therefore in terms of Section 17 of the Freedom of Information (Scotland) Act 2002, this represents a notice that the information you seek is not held by Police Scotland.

To further clarify, if all data was to be considered in order to establish the type of vehicle involved in each recorded incident, this would require a case by case assessment of all road traffic collisions which would far exceed the cost limit set out in the Fees Regulations.
