FREEDOM OF INFORMATION (SCOTLAND) ACT 2002

I refer to your recent request for information which has been handled in accordance with the Freedom of Information (Scotland) Act 2002.

For ease of reference, your request is replicated below together with the response.

Under the FOI act, can you possibly please confirm when the new camera on the A803 (Nr Camelon, Falkirk) is going to go live? There have been signs up for a few weeks confirming 'camera not in use' but the camera is installed.

In terms of Section 17 of the Act, I can confirm that the information you seek is not held by Police Scotland.

At this time the go live date is unknown. Although the camera is installed, back office systems that are required for the camera to be functional need to be initialised in order for the camera to be operational.

The go live date will be widely publicised through Safety Cameras Scotland's website, social media and local press.
