Where those involved exchange personal details, there is no legal requirement to report a collision to the police and this applies particularly to non-injury collisions.

As such, there may have been other collisions within the location of your request, which were not reported to Police Scotland, nor which required a collision report to be created, and will therefore not be included within the statistics.

All statistics are provisional and should be treated as management information. All data have been extracted from Police Scotland internal systems and are correct as at 03/09/2022.
