## FREEDOM OF INFORMATION (SCOTLAND) ACT 2002

I refer to your recent request for information which has been handled in accordance with the Freedom of Information (Scotland) Act 2002.

For ease of reference, your request is replicated below together with the response.

- 1. The number of Fixed Penalty Notices issued for driving a motor vehicle without insurance in 2021 where the vehicle concerned was an e-scooter.**
- 2. The number of e-scooters confiscated in 2021.**
- 3. Details of any operations specifically targeting e-scooter use in 2021.**
- 4. The number of incidents of drink driving offences in 2021 where the vehicle involved was an e-scooter.**
- 5. The number of incidents of careless or dangerous driving offences in 2021 where the vehicle involved was an e-scooter.**

In response to these questions, I regret to inform you that I am unable to provide you with the information you have requested, as it would prove too costly to do so within the context of the fee regulations.

As you may be aware the current cost threshold is £600 and I estimate that it would cost well in excess of this amount to process your request.

As such, and in terms of Section 16(4) of the Freedom of Information (Scotland) Act 2002 where Section 12(1) of the Act (Excessive Cost of Compliance) has been applied, this represents a refusal notice for the information sought.

By way of explanation, all road traffic offences are recorded in accordance with the Scottish Government Justice Department offence classification codes, and are not sub-categorised by vehicle type.

The only way to provide you with an accurate response would be to individually examine each of the relevant road traffic offences to establish whether the vehicle involved was an e-scooter.

As illustrated by our [published statistics](#), this would involve case by case assessment of a vast number of reports - an exercise which I estimate would far exceed the cost limit set out in the Fees Regulations.
