For ease of reference, your request is replicated below together with the response.

Clarified as: Its the junction coming from Newtonhill direction crossing the A92 turning right sign posted for Portlethen into Bourtree.

Any information from 2019 - 2022

In response to your request, I can advise you that between 1 January 2019 and 31 August 2022 there is one slight road traffic collision recorded at this location.

Please note that a reportable collision is defined under Section 170 of the Road Traffic Act 1988 and describes the legal responsibility on those drivers involved to report the matter to the police. Where those involved exchange personal details, there is no legal requirement to report a collision to the police and this applies particularly to non-injury collisions.

As such, there may have been other collisions within the location of your request, which were not reported to Police Scotland, nor which required a collision report to be created, and will therefore not be included within the statistics.

All statistics are provisional and should be treated as management information. All data have been extracted from Police Scotland internal systems and are correct as at 03/09/2022.

Note - the data is subject to change and will be updated on the next extract of data from CRaSH on 3rd October 2022.

Should you require any further assistance please contact Information Management - Dundee at foidundee@scotland.police.uk quoting the reference number given.
