## Weekly Legislation Co-operation (29<sup>th</sup> April – 5<sup>th</sup> May 2021)

In response to the introduction of The Health Protection (Coronavirus) (Restrictions) (Scotland) Regulations 2020 and Coronavirus Act 2020, Police Scotland developed a 'Coronavirus Interventions' (CVI) recording system. This system allowed Police Scotland to begin gathering data in relation to the public co-operation levels with the new legislation. This system relies on Police Officers manually updating the system with the co-operation level when they encounter an individual in contravention of the new legislation. This slide includes all offence types

— Face-Coverings, Quarantine, Travel Restrictions and Gatherings.

Due to the manual input required to form this data set, the contents of this slide are indicative only. Actual figures will differ from those recorded on Crime Systems (please see slide 11), may be subject to change, and cannot be considered Official Police Statistics. They do provide an indication of the public co-operation levels across Scotland.

They do provide an indication of the public co-operation levels across Scotland.

## Travel Regulation Co-operation (20th November 2020 – 25 April 2021)

wider CVI interventions reported on the previous slides and should not be considered as 'in addition to' the previous overall CVI activity slides.

In response to the introduction of The Health Protection (Coronavirus) (Restrictions) (Scotland) Regulations 2020 and Coronavirus Act 2020, Police Scotland developed a 'Coronavirus Interventions' (CVI) recording system. This system allowed Police Scotland to begin gathering data in relation to the public co-operation levels with the new legislation. #### 'Enforcement' of Coronavirus specific legislation

The following is a summary of all 'enforcement' action in relation to both The Health Protection (Coronavirus) (Restrictions) (Scotland) Regulations 2020 and Coronavirus Act 2020.

This includes all Fixed Penalty Notices issued and processed by Police Scotland. It also includes all occasions that a charge was libelled and recorded on Police Scotland's Crime Recording System against a person in relation to the aforementioned legislation. This is a true value of the volume of recorded 'enforcement' activity, but does not provide the granularity of the Coronavirus Intervention (CVI) recording system and does not capture the earlier phases of the '4 E's' approach.

These values remain subject to change as offences are retrospectively added or amended and do not match the indicative 'enforcement' values from the CVI recording system.

#### Near Miss and Testing Data (w/e 23<sup>rd</sup> March 2020 – 3<sup>rd</sup> May 2021)

'Near miss' forms in the context of the pandemic situation may be submitted for a variety of reasons. i.e. when officers are potentially exposed to: COVID-19 whilst not wearing PPE, where PPE malfunctions, or in any other instance an officer feels a risk to themselves in a specific occurrence relating to COVID-19.

This can occur due to the reactive nature of policing, as well as being influenced by training levels and supply of PPE. This number of 'Near Miss' weekly submissions is up slightly from last week.

The amount of forms submitted continues to be attributable to the process for requesting an asymptomatic COVID-19 screening test due to an occupational risk, requiring the submission of a 'near miss' form. Many of the reports would not have been submitted without this requirement. The number of incidents where a lack of PPE is identified has not risen.
