All statistics are provisional and should be treated as management information. All data have been extracted from Police Scotland internal systems and are correct as at 03/10/2022.

Please note that a reportable collision is defined under Section 170 of the Road Traffic Act 1988 and describes the legal responsibility on those drivers involved to report the matter to the police. Where those involved exchange personal details, there is no legal requirement to report a collision to the police and this applies particularly to non-injury collisions.
